Stiletto Performance Bamboo was developed with the most heel stomping, high traffic applications in mind. Offering neutral colors that slip into any palette, it proves itself with an impressive 3500 janka ball rating, three times the hardness of Red Oak. Stiletto is ideal for environments where natural beauty is desired and durability is a must. Stiletto is available in 5 1/8" x 72 5/8" click lock planks and may be floated or glued. As with all Plyboo products, Stiletto does not contain Urea Formaldehyde and may contribute toward LEED creditS EQ 4.4, MR7, and MR6.

From Smith and Fong Co., the makers of Plyboo: Refining the Future of Bamboo.
